

Hold On

Verse 1

When there's no steps left to take, and no moves left to make, oppressing fears tormenting doubts,
prayer after prayer, seems there's no way out, and if feels like pain, is all you gain

Chorus

Hold on, hold on, through every storm, hold on, even in the darkest night, walk by faith not sight, hold
on, hold on

Verse 2

There's a Father of love, holding peace like a dove, in the midst of all your dark despairs, with open arms
He's waiting there, to hold you, 'til the hurt is gone, the hurt is gone

Chorus

Hold on, hold on, through every storm, hold on, even in the darkest night, walk by faith not sight, hold
on, hold on

Chorus

Hold on, hold on, through every storm, hold on, even in the darkest night, walk by faith not sight, hold
on, hold on
